TURKEY BEGINS WAR UPON RUSSIA

TWELVE INCH NAVAL GUNS HAVE DONE MUCH DAMAGE TO ENEMY

Admiral Hood's Ships Have Shown Great Accuracy and Effectiveness—French Report Says Conditions Unchanged—Russians Say Their Enemies Are Still in Retreat—Germans Also Make Some Claims.

By Bulletin Leased Wire

LONDON, Oct. 29.—11 p.m.—The Secretary of the Admiralty makes the following announcement:

"The British naval flotilla continues to support the allies' left, and since the morning of Oct. 27 troops and 12-inch guns has been brought to bear on the German positions and batteries. Reports received from shore testify to the effect and accuracy of the fire and to its galling character. The flank is thus thoroughly maintained.

"Yesterday and the day before the enemy brought up heavy guns and replied vigorously to the fire of the Admiral's ships. The vessels received only trifling structural damage. Today the opposition from the shore has practically ceased and the preponderancy of the naval gunners seems to be established.

"The casualties have been very slight throughout, but one shell, exploding on the destroyer Falcon, killed one officer and eight men and wounded one officer and three more. One killed and several wounded are also reported from the light cruiser Brilliant, and eight were wounded on the Rinaldo.

"The enemy's submarines have also been reported seeking an opportunity to attack the bombarding ships which are covered by British destroyers."

FRENCH REPORT

PARIS, Oct. 29.—11:07 p.m.—The French war office in its official communication issued tonight says:

"There is no important news to report, according to the latest information received."

RUSSIAN REPORT

PETROGRAD, Oct. 29.—The following official communication issued by the staff of the Russian commander-in-chief under date of Oct. 28, is issued here:

"We have broken the resistance of the enemy's last units which still attempted to hold on the north of the Pilitza. On the front beyond the Vistula all the Austro-German troops in retreat, have been occupied Sirzkow, Ieschow and Novemiasto. Russian cavalry has entered Radom and captured several automobile convoys. In Galicia, the situation is unchanged.

"On the front of Ossowetz, the first German corps, supported by other units, during the last four days have made unceasing attacks in the region of Bakalgarzow. The enemy's losses are very great."

GERMAN REPORT

BERLIN, Oct. 29, via Amsterdam and London 7 p.m.—The German general headquarters this morning gave out the following report with regard to the situation in France and Belgium:

"Our attacks to the south of Steenport are slowly gaining ground. At Ypres the battle is unchanged. To the west of Lille our troops are making good progress. Several fortified positions of the enemy have been taken. Sixteen British officers and 300 men are well as four cannon have been captured.

"French counter attacks everywhere have been repulsed. A French battery stationed before the village of Ecurie was destroyed. Observers posted on the steeple of the cathedral have been bombarded. In the Argonne region the enemy was chased from several trenches and some machine guns were captured.

"To the southwest of Verdun severe French attacks have been repulsed. In counter attacks many troops receded in breaking through the French lines to the main position of the enemy which was occupied. The French suffered terrible losses. To the east of Moscelle all the attempts of the enemy have been repulsed.

"In the northeastern theatre of the war our attacks are progressing. During the last three weeks 13,500 Russians, 26 cannon and 29 machine guns have been taken. In the southeastern war arena the situation is unchanged."

Winter Makes Its Presence Felt on The Battlefields

Heavy Snowfall in Vosges—Allies Have Taken Some of the Ardor Out of German Night Attacks Say Officers From Front—Belgians Have Control of the Railway From Nieuport to Dixmude

By Bulletin Leased Wire.

PARIS, Oct. 29. (11:41 p.m.) —Winter made its presence felt in the line day or two over the entire field of operations in which the opposing armies are at grips in Belgium, France and Alsace-Lorraine. Several nights have been cold, but this has not interfered with the operations, which have continued, although not with such fury as at the beginning of the week.

The allies, according to officers coming from the front, have succeeded in taking some of the ardor out of the German night attacks which during the day inflicted terrific losses on the invaders, who seemed for a time to be forced through the main force as though that would carry them through to Dunkirk and Calais, the channel ports.

The Belgians now control the railroad between Nieport and Dixmude, as well as the river Yser, where the British troops have their left. It is believed that they should encounter the British, which they did to their left. The forces of the allies in that region are said to have the strongest defensive positions and strong reinforcements are moving in that direction to continue the battle which has been so well begun by the allies.

From Ypres down to Arras, fighting of the severest kind went on all day. For the most part in favored the allies, who not only held tenaciously to their positions, but made considerable advance at some points.

Along the entrenched line from Ile Alone to the Argonne forest, there is little to report except that Roselard Von Kuhlenberg has not yet abandoned his attempt begun early in the war to break the allies' line and has been obliged to give way in many places by the fierce resistance in the rear.

In Upper Alsace there has been constant fighting, and the French have taken many villages at the point of the bayonet. In Lorraine they are gaining ground. A heavy snow has fallen in the Vosges Black forest, stopping the German operations.

The German artillery is being withdrawn from the French frontier as a precaution.

RUSSIA HAS OFFERED TO TURN OVER CAPTIVES OF ITALIAN NATIONALITY

ROME, Oct. 29.—The Giornale d'Italia today declares that if Emperor Nicholas will deliver Trieste peacefully to Italy the Austrians or Italian nationality captured by Russia in Galicia and Austrian ministers have virtually decided to accept the offer made by the Italian ministry.

On Oct. 24, the Russian ambassador at Rome notified the Italian government that Emperor Nicholas, desiring to give a proof of his friendship, was ready to send to Italy all Austrian prisoners of Italian nationality taken by Russian troops in Galicia on condition that the government did not return them to Austria-Hungary. The prisoners who are Russian subjects have been handed over to Italy are said to number 2,000 and belong to the districts of Trent, Trieste, Pola and Dalmatia.

GERMAN SUBMARINE SUNK.

LONDON, Oct. 29.—The Daily Mail's correspondent "on the allies' left wing" reports that a German submarine boat which attacked the battleship Venerable off the Belgian coast, has been sunk.

CRUISER BRESLAU BOMBARDS TOWN IN CRIMEA

By Bulletin Leased Wire

TOKIO, Oct. 30.—11:30 a.m.—The Russian embassy here announces that Turkey has opened war on Russia.

LONDON, Oct. 30.—3:21 a.m.—A despatch to the Times from Petrograd says it was the former German cruiser Breslau, which now flies the German flag, that shelled Theodosia.

THEODOSIA, Crimea, Oct. 29, via Petrograd.—From 9 o'clock to 10:30 this morning a Turkish cruiser with three funnels bombarded the station and city, damaging the station, the Greek church, a pier and some sheds. A Greek soldier was wounded. A branch of the Russian Bank of Foreign Commerce caught fire. At the conclusion of the bombardment the cruiser left in a southwesterly direction. The Breslau and the Goeben, recently said to have been bought from Germany, each have three funnels.

NOVORISSCSK, Caucasia, via Petrograd, Oct. 29.—The Turkish cruiser Hamidieh, which arrived here today, demanded the surrender of the city and government properties, threatening in case of refusal to bombard the town. The Russian consul and officials were arrested. The cruiser withdrew.

LONDON, Oct. 30.—12:35 a.m.—A Petrograd despatch to Reuter's Telegram Company says: "A despatch from Kertsch, a seaport in the Crimea, reports that near Takol lighthouse the Russian steamer Yalta from the Caucasus was sunk by a torpedo launched by the Turkish cruiser Goeben. The crew and passengers were saved. The steamer Kazbek, which went to the rescue, was struck by two torpedoes and sank. Many persons aboard were drowned.

YSER CANAL WAS FILLED WITH DEAD BODIES

Fighting at Crucial Point in Belgium Continues With Unparalleled Fierceness

By Bulletin Leased Wire.

LONDON, Oct. 29.—Rene H. Fiebleman, special correspondent of The Daily Express, telegraphing from The Hague, this morning, says:

"Telegrams received here state that the fighting near the Yser canal continues with unparalleled fierceness. The German forces in the first several days have been repulsed by the allied forces.

"The last time they were driven over the canal, they did not need pontoons. The canal was filled with bodies, and thousands of German helmets were floating about the stream.

"At Ypres the battle was the most terrific in the history of this war. The Germans are receiving reinforcements from Roulers daily, and almost all the garrisons have been reduced to the extreme limit.

"Every German officer has been told by army headquarters that unless Germany wins the present battle the occupation of Belgium is at an end, and the Germans must retreat over the Meuse and the Rhine."

3,000,000 PERSONS ARE BEING FED BY CHARITY IN BELGIUM

By Bulletin Leased Wire.

LONDON, Oct. 29.—It is feared that in their desperation the hungry people of Belgium may become violent. This would cause serious loss of life, it is stated Captain Percy Sorcey, representative of the American commission for relief in Belgium, in a telegram sent to Herbert C. Hoover, chairman of the commission, from Rotterdam today. Captain Sorcey added that he had been told by representatives of the national relief committee that in Brussels, Charleroi, Liege, Namur, Mons and Dinant, 3,000,000 persons were being fed by charity and that only four days' supply of flour was on hand.

The message concluded: "You may be convinced that any statement you have received or heard has understated conditions in Belgium. Great danger is threatened. To avoid it you must get flour to the people, and get it at once."

Ninety Officers Upon the Latest Casualty List

By Bulletin Leased Wire.

LONDON, Oct. 29, (C. A. P.) —The casualty list issued tonight from the headquarters of the expeditionary force contains the names of no fewer than ninety officers, 23 of whom were killed, three died of wounds, 58 wounded, and five remember missing. Prince Maurice of Battenberg, son of Prince Henry of Battenberg, the King's Royal Rifle corps, is officially reported among the dead of wounds. Two hundred and fifty non-commissioned officers and men have been admitted into home hospitals.

BEYERS' TROOPS SCATTERED.

LONDON, Oct. 30.—A Reuter despatch from Capetown, Union of South Africa, says that General Botha, commander of the defence forces, reports that the rebel General Beyers' commandoes have been scattered and are likely to reunite, General Beyers has fled in an unknown direction.

DID NOT STAY IN ANTWERP

AMSTERDAM, via London, Oct. 29 (19 p.m.)—A despatch received here from Rosendaal, Holland, says that 14,500 refugees returned Tuesday and 12,850 Wednesday to Antwerp from Holland. They must have left the city again for Holland.

PROCLAMATION IS ISSUED TO BELGIANS BY KING ALBERT

By Bulletin Leased Wire.

LONDON, Oct 29.—The Exchange Telegraph's Amsterdam correspondent says that a proclamation has been issued by King Albert to the Belgians.

"Our towns have been burnt and our houses destroyed and there is mourning over the whole country, but more terrible disasters will follow if we do not free the country of the invaders.

"That is your imperative duty, and it is a duty you can fulfill with the assistance of our allies.

BRITAIN'S RELATIONS WITH TURKEY DAILY ARE MORE STRAINED

By Bulletin Leased Wire

LONDON, Oct. 30.—2:30 a.m.—A Reuter despatch from Constantinople says the situation between Great Britain and Turkey is daily becoming more strained and appears to be nearing the breaking point.

"It is believed," adds the despatch, "that should the allies experience a setback in the European theatre of war, especially in Poland, it would be impossible to restrain the Turks, as the war party is becoming more and more powerful."

Germany Reported To Have Offered Peace to France

By Bulletin Leased Wire

LONDON, Oct. 29.—The Daily Chronicle's Paris correspondent asserts that a move to definitely end France from the allies, Germany made an offer to conclude peace on the basis of the cession of Metz and possibly a portion of Alsace to France. The offer, according to the correspondent, was rejected. The proposal, the correspondent says, was transmitted by certain influential Frenchmen who were expected to act as intermediaries.

The proposal was that the German government, recognizing the courage of the French armies, and never having regarded them as the principal belligerents, was ready to make peace on terms not merely honorable but generous to France. The correspondent says that it was the intention that the proposal would include the transfer of Metz and the neighboring portion of Lorraine.

TORPEDO BOAT DESTROYER HIT BY GERMAN SHELL

By Bulletin Leased Wire.

DOVER, via London, Oct. 29. (2.30 a.m.)—The British torpedo boat destroyer Falcon was hit by the last shell fired Wednesday afternoon on the gunboats off the coast of Belgium. The shell struck the bridge, killing Lieut. Herbert O. Wanton, commander of the vessel, and mortally wounding one who were injured by the dead and four wounded were landed here yesterday. Other members of their crew who were injured in the engagement Tuesday, the Falcon arrived at Dover Thursday afternoon.

ARRESTED IN PORTLAND

PORTLAND, Ore., Oct. 29.—A. B. Baker, Portland manager of the National Mercantile Company of Vancouver, was arrested here today on a federal warrant from Seattle charging conspiracy to use the mails to promote a lottery. The company maintains offices in Portland, Tacoma, Seattle and Vancouver, and is reported to have sold what it called national loan and home purchase contracts, whereunder it agreed to distribute prizes in cash and homes after a certain number of instalments had been paid.

ARREST GERMANS IN HALIFAX

HALIFAX, Oct. 29.—The intelligence service has arrested three men in Nova Scotia since Monday, in each there was wireless paraphernalia, and also waiting for telephones, which if a thought was to intercept telephone messages to the British warships close to the Germans, and it is claimed the installation was to be used to interest British naval messages.

INSPECTOR WORSLEY OF R.N.W.M.P. IS PROMOTED.

REGINA, Oct. 29.—Following are promotions in mounted police circles announced here today by Commissioner Perry: Superintendents—Inspectors G. S. Worsley, E. S. Knight.

Inspectors: Sergeant Major F. Humby, Staff Sergeant C. J. King, Sergeants D. Ross, R. L. Cuttz, C. D. Laurence, N. H. Nelson, F. W. Chaney, W. Townsend and Staff Sergeant A. L. Bell.

WAR SITUATION AT A GLANCE

THE TWO OUTSTANDING features of the great war are the entrance of Turkey into the struggle as reported from Petrograd and the retirement as first sea lord of the British admiralty of Prince Louis of Battenberg.

EVER SINCE THE WAR began the attitude of Turkey has been the subject of doubt. It has been reported a number of times that Turkey was on the verge of joining forces with Germany. It was even said that Germany had supplied the Ottoman government with large sums of money. Great Britain retained Turkey to keep off, and recent advices from Constantinople indicated that Turkey intended to maintain her neutrality. Now comes word that a Turkish cruiser has bombarded the Russian seaport of Theodosia, in the Crimea, and that another Turkish cruiser has threatened the seaport of Novorossysk, on the Black Sea.

UNDER STRESS OF PURSUIT by British warships, the German cruiser Breslau and the destroyer Goeben, at the war took refuge at Constantinople. The vessels purchased by Turkey, but the German officers and crews were retained. Later they sailed forth and a warning was issued by Russia that should the Russian warships meet them they would be ordered to open fire. The former German warships have proved a source of annoyance throughout the last few weeks to the allies, and Great Britain seeks the Ottoman government to remove the Germans from the vessels. It is said that this was a domestic question.

MEANWHILE TURKEY has been under surveillance by the allies. Her ports in the Dardanelles and Egean seaports has not been explained, but it is feared that her induction into the war may bring to arms some of the Balkan states, which have up to the present remained quiescent.

THE RETIREMENT OF PRINCE LOUIS of Battenberg as first sea lord of the admiralty was not altogether unexpected, for the British admiral, who held the title of prince, has been the subject of a newspaper campaign because of his birth and his alleged German connections. In his letter of resignation, Prince Louis says he has been driven to the painful conclusion that his birth and parentage have had the effect of impairing his usefulness on the board of the admiralty, and that he withdrew, hoping thereby to facilitate the task of administration to which he had devoted his life.

ALONG THE BATTLE FRONT, both in Belgium and the north of France, and in the eastern arena, the struggle is being held of indetermined actions. The British admiralty continues to call attention to the effective services rendered by the warships off the North Sea coast, the French tell of German repulses and French progress; the Germans, speaking of the battles in France and Belgium, declare that their progress is entirely satisfactory. It is not expected that there will be any battles of great moment until the troops have some rest or reinforcements arrive.

THE RUSSIAN HOSTS are, according to advices, pushing the Germans and Austrians back. This, to a certain extent, Germany has admitted, but the Austrians claim that they are totally holding their own.

THE REPORT THAT GREECE has taken possession of Southern Albania is creating a profound impression in Rome, but in Italian political circles it is believed that Greece will not be supported by Great Britain and France.

IN SOUTH AFRICA, the situation appears to be more favorable. General Botha, the premier, is at the head of the army which is operating against the rebellious commandoes under Generals Beyers and De Lange. The commandoes, Dutch and English, are gathering in the remnants of the commando of which Beyers was the leader until he was wounded and fled across the German frontier.

WITH THE PRESENCE of German troops on the north coast of Ireland, which made it necessary yesterday for the steamer Olympic to put into a north Irish seaport, the London newspapers are asking that the admiralty take more vigorous measures to prevent the continuation of the shipping of arms. It is believed that vessels flying neutral flags are responsible for these movements. It is also urged that stronger measures be taken to rid the country of spies, the presence of which is proved by the capture of a man on the north shore of the Firth of Forth while operating a flash light apparatus and parcel of the educational system of the Province of Alberta.

Election of officers.

E. L. Hill, B.A., M.Sc., city librarian, gave a practical address on the use of school libraries at the afternoon session of the Teachers' Convention. He told the teachers that they ought to read the books that they ask Townsy to read for otherwise the library will see little benefit from the handbag. They were told to study Townsy as well as the books and that the success of the library depends on the personal interest of the teacher in the books which he reads. He also referred to the new quarters of the Edmonton Public library and the conveniences which a local lady who objected to the children having the run of the library, has provided a room for reading room was for both ladies and gentlemen and a children's room for the children. Referring to the back of the library, for he considered quite often overlooked by patrons of the public library. He urged the teachers to put their minds to the use of the library of good literature.

In conclusion he referred to the German enemy in the present war destroying the library at Louvain. He urged the important duty of introducing the people of alien birth or spirit to the literature or British democracy, through the means of libraries as part

PRINCE LOUIS RESIGNS AS FIRST SEA LORD OF ADMIRALTY

His Action Taken, it is Thought, Because of Newspaper Campaign Against Him—Was Considered One of the Most Noted Strategists of British Navy

By Bulletin Leased Wire.

LONDON, Oct. 29.—Prince Louis, of Battenberg, against whom there have been no open charges, but much public gossip because of his Austrian origin, has resigned his position as first sea lord of the admiralty, it is thought probable, because of a newspaper campaign against his holding such a high command. Announcement of relinquishing his appointment.

Prince Louis of Battenberg, although born in Austria, went to England as a boy and was naturalized in 1868 when he was but 14 years of age. His rise in the navy was slower than that of most lords, but finally his great ability and services were recognized and he was appointed first sea lord in 1912—a few years after his visit to America.

Outside of the fact that he was born in Austria, the chief argument his opponents have against him was that he was the brother-in-law of Prince Henry of Prussia, who holds a somewhat similar command in the German navy.

There were rumors some time ago that Prince Louis had been confined in the Tower of London, but these were too ridiculous to be given serious consideration, although the authorities denied the incident that he should appear more in public instead of confining himself to the admiralty, where since the outbreak of the war he had been more or less busy day by day directing the strategy of the navy, the prince being considered one of the most noted strategists of the admiralty.

The prince's defenders have pointed out the record of the services of himself and his family to England. Father strangely, his nephew, Prince Maurice of Battenberg, was the first member of the royal family to be killed in the war. Another brother was killed fighting for the British in Ashanti.

BARON FISHER MAY BE APPOINTED AS FIRST SEA LORD

Times Says He Will be Successor to Prince Louis of Battenberg

By Bulletin Leased Wire.

LONDON, Oct. 29.—The Times says it understands that Baron Fisher, admiral of the fleet, created Baron Fisher of Kilverstone as first sea lord of the admiralty.

Admiral of the Fleet Sir John Arbuthnot Fisher, G.C.B., G.C.V.O., who is 73 years of age, was first lord of the admiralty from 1904 to 1910 and has a long service in the navy to his credit. He went to sea as a boy in 1854 and was appointed lieutenant in 1869, taking part in the capture of Alexandria and Egyptian war, 1882. In 1882, then in command of the Inflexible, he took part in the bombardment of Alexandria. He became one of the lords of the admiralty in 1892 as the naval lord, becoming commander in chief of the Mediterranean and West India squadron. In 1899-1900 he was commander in chief in the Mediterranean and in 1902-03 was chief war lord. He was commander in chief Portsmouth, 1903-04, and was chairman of the royal commission on oil fuel.

HUDSON BAY SUBSCRIBES.

OTTAWA, Oct. 29.—Hudson Bay has learned of the war and has acted on the fact as its remote geographical position permits. The first step taken was at Port Nelson, where an Australian army recruit was arrested as a menace to safety of the state. Today news is received that $3,000 have been collected for the Canadian Patriotic Fund and will be sent to Ottawa by the first party coming out.

TEACHERS' CONVENTION HEARS GOOD ADDRESSES

(Continued from Page One.)

of writing. The suggestions offered included a writing table covered with linoleum and the use of writing synthetic.

The place of household science on the school curriculum was discussed by Miss R. McAdams, supervisor of domestic science in Edmonton public schools. She spoke of the important place household science now occupied in the schools of Alberta and the type of work being done to uplift the community. An effort is made to develop economy in marketing and cooking for profitable use. Darning, knitting, and sewing are taught in a practical way. Cooking is also taught with a fundamental study of food its presentation and preparation. She laid stress on the tradition that the course of household science is equal to the work and not to be lost sight of by the boys and girls both being given a course in the preliminary fundamentals which replace the drudgery of housework with household science.

The junior section enjoyed an interesting paper by Miss H. Hodgins on "The Animals of Alberta." The rural section was busy with busy work suggestions and educational devices as suggested by Miss A. Cridee. The consolidation of the various grades in the rural school makes the busy work problem one of most vital interest to the teachers of the rural schools. A helpful and spirited discussion followed.

Evening Session.

The evening session began with a preliminary program and concluded with a social hour together to the music of the orchestra. The program included an orchestral selection, vocal solo by Miss Pilkie, an address by Hon. J. R. Boyle and vocal solo by Mr. Edwards, an address by W. G. Carpenter, superintendent of Edmonton schools, a vocal solo by Miss Pilkie, an address by Dr. King of Robertson College on "India and its Rebellion to the Empire." A vocal solo by Mr. Edwards and an interesting and instructive exhibit of European art pictures under the auspices of the extension department of the University of Alberta. These instilled fervor into the singing of the National Anthem.

Morning Session.

The eighteenth annual convention of the Northern Alberta Teachers' Association opened yesterday in the Separate School Hall, on 102nd street, with an attendance of 425. It is expected that the enrolment will reach 500. The teachers come from the public and separate schools of the city and the rural villages and from schools from the inspectorates of Inspectors McGregor, Scott, Carlyle and Fife.

A cordial and hearty welcome of the city to the visiting teachers was extended by Deputy Mayor Smith, who offered the freedom of the city. K. W. MacKenzie, a past president of the association, presided during the absence of the president, extending hearty greetings to the teachers of 1914. H. Picard, of the Separate School Board, ushered them all honor and welcome, but urged them to have closer supervision over the playground.

Tributes were given on behalf of the teachers by Inspector Fife, of Edmonton, and Inspector Nelson, of Wetaskiwin, Mr. Fife referred to the educational and social value of the convention. Mr. Nelson referred to the eloquent history of Edmonton and the important part of the teachers of today in moulding the cosmopolitan population of Alberta into the broad patriotic Canadian citizen of the future.

German Steamer Sunk in Adriatic

The Steamer Converted Into Commerce Destroyer Is Accounted for by British Destroyers

Paris, Oct. 29, 1.31 p.m.—A squadron of British torpedo boat destroyers has sunk, in the Adriatic, a German steamer which had been converted into a cruiser, according to a dispatch from Bordeaux to the Havas agency.

The Barcelona correspondent explains that this news appears in Italian circles. A Spanish newspaper, publishing from Gibraltar, the British destroyers rescued 85 members of the crew of the German vessel.

SON CHRISTENED AFTER BRITISH AND BELGIAN KINGS

By Bulletin Leased Wire.

PARIS, Oct. 29—Since Philippe Roy, wife of the Canadian commissioner general in Paris, who gave birth to a son on Oct. 6, has christened him George Albert, after the kings of Britain and of Belgium. Hon. Mr. Roy was formerly a resident of Edmonton, being an Alberta senator until his appointment in France.

GERMAN SOLDIERS TO BE GIVEN REST.

Amsterdam, via London, Oct. 29—The Cologne Gazette says it has learned from Berlin that soldiers of various German units which have become exhausted and weakened owing to the long stay in the trenches are being sent home on a furlough lasting from five to seven days.

Says He Married Young Widow Just For Her Land

Sylvester Lastawesz, a young Austrian, told Justice Hyndman, in the supreme court yesterday morning that when he married Anna Petregler, a widow, he also married her three children and 160 acres of land 7 miles near Vegreville and 80 acres belonging to Anna's father. He declared he did not marry his wife's relations as well. Knut Petregler, father-in-law of Sylvester's wife, on the other hand, declared that the young swain had accepted him and his wife and the life charge when he married the prosperous Anna.

Knut Petregler and his wife came to Alberta from Minnesota about 1906. They brought with them their son and his wife Anna. The four settled on adjoining quarter sections near Vegreville. When the son died, in 1908, he left a widow with three children and a highly improved farm. Soon afterwards Sylvester Lastawesz appeared on the scene. He was twenty-two years of age and Anna was 28. He decided that a marriage might be a good business proposition. An agreement was drawn up between the aged Knut and the youthful Sylvester in which it was set forth that Sylvester married Anna he would be given eighty acres from the quarter section owned by Knut Petregler. In the court this morning the old man stated that a further condition was that Sylvester should keep the old couple for the remainder of their lives. But this they refused to do. Recently he turned them out.

As a result of this unfeeling action, Petregler brought action against Lastawesz to recover the 160 acres that had been turned over as part of the dowery. J. M. MacDonald, of Robertson, MacDonald & Winckler appeared for the plaintiff, and W. and Allan Harvie, of Ewing & Harvie, for the son-in-law.

"When you married Anna did you marry her just for the land?" Mr. MacDonald asked Sylvester this morning.

"Yes," was the reply.

"Did you not have any regard for the widow herself?"

"Oh, no," was the calm rejoinder.

Justice Hyndman held that the eighty acres of Knut Petregler's homestead had been given to Sylvester on condition that he marry Anna. He had fulfilled this condition and therefore the land was rightfully his. An action to recover the land was dismissed with costs.

The Emden Sinks Russian Cruiser and Also French Destroyer With Torpedoes

Tokio, Oct. 29, 11 a.m.—The British cruiser Emden, flying the Japanese flag and disguised by the addition of a fourth smokestack, entered Penang, a British possession in the Straits Settlements, and fired torpedoes which sank the Russian cruiser Jemchug and a French destroyer.

The Emden's entrance into the harbor of the Penang was unobserved. She came under the guns of the fort and after sinking the cruiser and the destroyer escaped through the strait of Malacca. The fate of the crew on board the Jemchug is not yet known here.

Merchant vessels belonging to the belligerent nations are taking refuge at Colombo, Ceylon.

The Russian cruiser Jemchug was a boat of 3,106 tons, built at Petrograd, launched in 1903 and completed in 1904. Her Battery consisted of eight 4.7 inch guns, six 1.8 inch guns, five smaller guns and three torpedo tubes. She had a speed of 24 knots and carried a crew of 340 men. After the battle of the Sea of Japan, during the Russian-Japanese war, in 1905, the Jemchug was interned at Manila.

The German cruiser Emden, after her exploits in the Indian ocean around India, where she sank a score of British steamers, has apparently shifted her scene of operations more to the eastward to the vicinity of the Straits Settlements. On Tuesday she reported as having sunk a small Japanese passenger steamer, bound for Singapore.

ANNULS SALE OF GROUARD PROPERTY

Justice Scott Gives Important Judgment in Action Brought by Homesteader

Justice Scott, in a judgment handed down in the supreme civil court, decides that in a certain real estate transaction an intelligent man took advantage of an unscrupulous and uneducated homesteader to secure the latter's property for below its actual worth. Because of this fact, the homesteader sets his land back.

Casimir Gladu entered for a homestead on River Lot 18, Grouard, in March, 1912. In that same year negotiations opened between him and one Everest, representing the Edmonton Land Company. Various deals were made but finally Gladu was persuaded to secure the title to his homestead by means of half-breed scrip. Gladu began action to annul the sale. The judge states that the Edmonton Land Company evidently paid for the scrip, a cost of about $1,250, and gave Gladu $2,000 for the land. The value of the homestead is something over $25,000 according to evidence. After getting under various grounds, which the plaintiff, Justice Scott takes up in argument that the transaction was improident.

The only conclusion I can reach," says the judgment, "upon the evidence as to the value is that the consideration payable by Everest or the defendant company was grossly inadequate."

Gladu is an ignorant, uneducated half-breed who cannot speak the English language. In dealing with Everest he was dealing with one of far superior intelligence, who, by reason of his acting as agent for the defendant company at Grouard, must be presumed to be well acquainted with the value of real estate in that neighborhood. In their dealings Gladu was without independent advice and he appears to have been ignorant of the value of his property. That he was in needy circumstances at the time is shown by the fact that he was indebted to the Hudson's Bay company in a large amount. The prospect of paying this debt and of receiving what to him must have been a large sum of money in the immediate future was a temptation which he appears to have been unable to resist and he was thus practically at the mercy of Everest.

The judge holds that in a transaction of this kind it rests with the party seeking to uphold the sale to show that it was a fair bargain. Judgment therefore was given to annul the sale. The property goes back to Gladu on condition that he pays to the Edmonton Land company the money they have expended in making surveys and in subdividing portions of the homestead into city lots.

O. M. Biggar, K.C., A. F. Ewing, K.C., and A. Macleod Sinclair acted for Gladu and C. C. McCaul, K.C., and S. A. Dickson for the Edmonton Land company.

That the inauguration of the "First Aide to the Injured," classes in Edmonton some time ago was more than mere spasmodic impulse is instanced by the continuation of the venture. On Tuesday night, Dr. W. D. Ferris opened a second course of lectures in Oliver school, where a class of twenty-eight has been enrolled. On Wednesday night thirty-two students sat in the Y.W.C.A., Third street, quite awed with the literal sight and handling of skull and crossbones, and other bones of the human anatomy, used in practical demonstration by Dr. W. W. Lailey in his talk. The work seems to have taken root in Edmonton. Doubtless many efficient "first aiders" will be of shoots of the work.

THEATRES AND MUSIC

By G. TEN WRIGHT

"PEG O' MY HEART" HERE NEXT THURSDAY.

Oliver Morosco will present at the Empire Theatre for a week commencing Thursday, Nov. 5th, his production of J. Hartley Manners' ovewhelmingly successful comedy, "Peg O' My Heart," which has broken all the dramatic records of a decade at the Cort theatre, New York city.

"Peg O' My Heart" opened to the Cort theatre, and instantly the little white marble palace became the point of attention for the entire city. "Peg O' My Heart" rapidly crept up in public favor, until it was neck and neck with that supreme success "Within the Law," and at last, in early summer, actually passed this piece in point of monetary success, which it afterwards steadily maintained, and finally outlived this attraction.

The extraordinary success of "Peg O' My Heart" is unquestionably accounted for by its humanity and wholesomeness—two elements which in these days of bizarre mechanical plots and tawdry sexuality are put so far in the background as to be almost mythological.

Peg, the little Irish-American girl, is as witty as a character from Thackeray's pen; she is as philosophical as a Balzac heroine, who has the quaint pathos of a Dickens' person—a being from a world of hard fact, certain sorrows and evanescent joys with a touch of melancholy coloring the brightness of her laughter, and with smiles that tremble for the small irrepressible tears behind them.

FRIDAY, OCTOBER 30, 1914.

The official press bureau seemingly wants the public to go for ever upon the assumption that no news is good news.

Recruiting and training should be pushed ahead in Canada with as much energy as the enemy is putting into his assaults upon the Allies' line.

No, so far as appearances go the late mayor did not punch the head of the acting city solicitor when that gentleman told him he had been unseated. Perhaps the trusty chauffeur was not at hand.

Berlin papers now admit that the war is likely to last longer than they thought it would. Their next think may be that it is not going to last as long as they hoped it would.

Sir Conan Doyle suspects that Germany financed the Komagata Maru expedition, thinking the Indian troops would rebel because the voyagers were denied admission to Canada. The German commander at Lille has reason to know this for another miscalculation on the part of the wonderful general staff.

By the way—are the ratepayers to be favored with a statement of the year's financial operations—say, up to the end of this month—in time for consideration during the municipal election campaign? They are entitled to it, and without it cannot possibly be as well posted on the situation as they ought to be before they go to vote.

There are persistent rumors in Ottawa that Mr. Pelletier, who quit the Government a few days ago on the ground of poor health, is to be appointed to a judgeship. There may be nothing in the rumors, but there likely is. If he gets the appointment and takes it the country will understand that it was the health of the Government, not that of Mr. Pelletier, that needed fixing.

British people do not like the idea of compulsory military service, regarding it as an unnecessary restriction of personal liberty. But the present situation raises very sharply the question of whether such restriction is unnecessary. The cold fact of the matter is that had there not been compulsory training in France and Russia the British Empire would today be in a sorry predicament. It is neither safe nor seemly to go upon the assumption that we will always have allies at hand to hold the enemy at bay while we recruit and train an army.

The German cruiser Emden is of just about the same tonnage as the Canadian cruiser Rainbow does not carry as heavy guns, but has the better of the Rainbow in speed. The Emden has sunk a score of British merchantmen, representing with their cargoes a loss of millions of pounds to British interests, and is now reported to have sunk a Russian cruiser and a French destroyer. The most contemptuous of our "tin pot" critics should be willing to admit by this time that the light cruiser has a place in naval warfare—a place just as important in its way as that of the dreadnaught, and a work that the dreadnaught could not do better at many times the cost. Had there been a Rainbow or two in the Indian Ocean the Emden could not possibly have done the mischief it has done, and would probably have been sent to the bottom before this.

If General Botha needs any help, Canada and Australia should provide it.

President Carranza has resigned on condition that Villa retires to private life. But, Carranza having resigned, why should Villa retire?

Cheer up! The man who is getting three fair meals a day and is not falling into debt is doing just about as well as anyone is entitled to expect under present conditions.

If the Leipzig has been captured it is to be hoped the censors will pass the information. If we've really caught the bloomin' boat we may as well let the world know about it, ourselves and the enemy included.

The French Government claims to have affidavits from a score of German prisoners-of-war declaring that they were ordered to kill wounded French soldiers and that the slaughter was carried out under personal direction of their captain, whose name is given. This is in confirmation of the view that the horrors perpetrated in Belgium and France were not due merely to an outbreak of barbarism on the part of some German soldiers, but were deliberately ordered by the German commanders as a means of terrifying the Allies into submission.

Commissioner Harrison reports to the council that in order to make the street railway pay expenses either the expenses must be cut down or the business must be built up, or both. That would seem obvious enough. What is needed is to find out just where the expenses can be cut down and how the business can be built up—and then do it. That, of course, is where the trouble always comes in. Economy is all right as a subject for general discussion. But economy applied means a squeal from somebody, and unpopularity in some quarter or other for the economist. The workability of public ownership depends upon the willingness of minorities to give way in the general interest, and without it cannot possibly be as well posted on the situation as they ought to be before they go to vote.

Correction.—By a typographical error the name of Mrs. Hathcroft, who committed suicide at her home, 9 Second street, was given as Mrs. Hancroft.

Rev. Wm. Simons, superintendent of missions for Alberta, will conduct the communion service at the Knox Presbyterian Church, Friday evening. The communion service will be held in Grierson church on Sunday at 3 p.m.

Three New Settlers.—The Industrial Association reports that three have within the last few days, been able to settle three men on farms in this district—one at Mud Plain, one at Bawlf and one at Gadsby.

Steamship Sailings.—The G.T.P. ticket offices have received notification that the steamer Kursk, of the Russian-American Line, will sail from New York on or about November 7th for Archangelsk, Russia. The steamer Virginian of the C.P.R. Line sails from Liverpool on November 29th, and on the return voyage will leave St. John on December 4th. This will be the Christmas sailing for this boat.

The regular monthly meeting of the Norwood W.C.T.U. was held at the home of Mrs. McLennon, 282 Lorne Street, with an attendance of seventeen members. Twelve new members were obtained through the [illegible] meeting held in Norwood church on October 20th. Mrs. [illegible] gave a report on the provincial convention held in Wetaskiwin. Mrs. Taylors' report is to be given at the next meeting. The excellent piano solo by Mrs. Cummings the meeting closed with prayer.

MINISTER INDUCTED.

McQueen Presbyterian Church was well filled last night when Rev. F. D. Wadsworth, M.A., was inducted into the Presbytery of Edmonton into the pastorate of McQueen, Gruchy's and Beverly churches. Rev. Dr. McQueen, after whom the church is named, conducted the opening ceremonies. Rev. James Wheeler, of Leduc, preached the sermon. Rev. J. E. Duclos addressed the minister and Rev. R. S. McLennan, the people. Special music was rendered by Mrs. John Bryce, of the Queen choir, and by the latter choir of Grierson church. Among other members of the Presbytery present were the moderator, Rev. Dr. C. D. Campbell; Rev. E. W. Hamilton and Rev. Woods. Refreshments were served by the ladies of McQueen church. Rev. Dr. McQueen presided McQueen Church with a handsome pulpit Bible and communion set.

IN THE POLICE COURT.

In the police court this morning, Clifford Rines and his wife appeared for sentence on the charge of keeping some household articles. Mrs. Rines was let off on suspended sentence and Rose on parole. J. Cramar, who was mixed up in a case the result of stealing cases of liquor, and who will be sentenced Saturday morning. C. H. Fulton, charged with the theft of auto tires, will come up on Thursday. S. Barnes, charged with dealing tires, was dismissed.

Yesterday afternoon Charles Conroy was fined $50 and costs for hitting Detective Kroning with a milk bottle when the detective arrested him in this place, Sunday morning, to search for liquor.

PAYABLE TO F. T. FISHER.

Considerable trouble and confusion is being caused the treasurer and book-keepers of the funds subscribed during the campaign for the civic and patriotic funds, through persons sending in their checks made payable to the wrong persons. All checks for either of the funds should be made payable to F. T. Fisher, who is treasurer of the united funds. Watching the interests of all for the patriotic fund or for the welfare fund, all checks for both funds should be made payable to Mr. Fisher, and they will be duly credited to the funds desired. If this is not done, those in charge are unable to give full credit on the cards as they were signed by the people during the campaign.

CHECK FOR $100.

F. T. Fisher, treasurer of the patriotic and relief funds, has received a check for $100 from the Knights of Columbus. This is the second money from what has already been given by the individual members of the society and it is expected that as an association they will have a check ready which will permit of their donating a further substantial sum.

DISCUSS SEWERAGE SYSTEMS

The Edmonton Property Owners' Association met last night in the larger assembly hall for their weekly meeting. The principal subject was a report that the present meeting-place has become inadequate to accommodate the large number of members which attend. The secretary was instructed to arrange for a larger assembly hall.

After the regular routine business of the association had ended, A. J. Latornell, city engineer (B.Sc., M.C., D., LL.B.), explained the original sewer scheme each to its outlet and showed how each scheme has been outgrown by the development of the city in all directions. The difficulties met with in the original schemes at the present time are insufficient depth in the business section and lack of capacity due to increased area within the city limits.

Going from the original schemes Mr. Latornell described fully the new outlet trunk system which has recently been completed. By means of diagrams he showed the detail construction of the large trunks and the special type of manholes adopted, and it was made clear the advantage of such a system as adopted in Edmonton. The question of sewerage disposal was also taken up at some length and the difficulty pointed out in dealing with such a problem. Our plant is now under construction, and the question of the whole of the sewer of the city is now under consideration.

The relation between the disposal question and water purification was fully discussed, as were many of the problems which vitally affect the sanitary conditions of the city as a whole. Several members of the association took part in the discussion, and a keen interest was taken in the matter of injunctions restraining the city from making any further sewer connections. As a great injustice is being done to many citizens at the present time by this order, the association is taking up the whole matter with the authorities with the idea of having a less sufficient but valid order taken. Another point of interest dealt with was the question of sewerage from the various packing plants in the city. In discussing this point several members felt that the proprietors of these plants ought to be controlled to treat in some way their sewerage before being allowed to discharge into the city system.

A vote of thanks was passed to Mr. Latornell for his instructive address.

IDEAL FALL WEATHER.

Great flocks of wavies going south in Sunday last gave promise of an early snow fall. Although one or two mornings have shown a threat of freezing weather the days are delightful and the record for the week so far is ideal. Sunshine, Roberts fall weather, clear, warm, calm days and frosty nights. Thresh-ing and fall-plowing have been going on uninterruptedly in all parts of the province, and there will be a large amount of land ready for the seed in the spring.

PROHIBITION SUNDAY, NOV. 8TH

Preparations are being made by the ministers of the province to observe the historic Sunday of November 8th, Alberta's Prohibition Sunday. This is being conducted under the auspices of the Alberta Temperance and Social Reform League. Applications are coming to the office daily for literature and material which is being mailed to all parts of the province so that the ministers and missionaries everywhere are able to have their hands all fixed for the occasion. The Searchlight, for the month of October, is being sent out, and will be followed by one each week to date. All ministers are requested, in the event of not having sufficient material at hand, to write the office of the league.

CANADIAN PATRIOTIC FUND

A meeting was held in the clubhouse at East Clover Bar on Monday, the 26th, there was organized a local branch of the Canadian Patriotic Fund to cover the districts of Ardrossan, Brunner and East Clover Bar.

Rev. C. H. McClellan occupied the chair, and W. J. Jackson acted as secretary.

Mr. H. H. Crawford, the member for the constituency, was in attendance in his capacity as chairman for for his riding, and although still suffering from a throat affection, delivered a brief address. Mr. John Sibbald, honorary secretary of the fund for north Alberta, followed with a rousing speech, which was greatly appreciated by the audience.

Mr. N. C. Willson, Strathcona, then stood most interestingly on the causes and probable effects of the war, showing a thorough acquaintance with international politics all over Europe.

The local officers appointed were: Stuart Heredy, J.P., president; Rev. C. H. McClellan, vice-president; W. J. Jackson, secretary; G. W. Brunner, treasurer; and the following were appointed to the local executive, with power to add to their number: Messrs. H. Horton, H. Lackey, J. L. Hampton, George Fraser and Fred Reynolds.

On the suggestion of Mr. Crawford, the limits of the territory to be covered by this local were decided as east from Mr. Horton's gate to the boundary of the Strathcona provincial constituency, and north from the north end of Cooking Lake to Ardrossan schoolhouse.

It was further resolved that the committee shall have power to take up contributions for the Red Cross Society in conjunction with the ladies' organizations which are already at work in the district, and for the Belgian or other relief funds.

The singing of patriotic songs and the National Anthem, with votes of thanks to the speakers and to Miss Fraser for her musical contribution, brought a successful gathering to a timely close.

EDMONTON WITHOUT MAYOR

Mayor McNamara has concluded his term as mayor of Edmonton. He has cleared out his desk and his office here in the city and everything that was everything was scrupulously tidy, awaiting the advent of the next occupant. The mayor sais good-bye to various employees in the commissioners' offices at five Wednesday night and did not appear on the scene yesterday.

"A blind is as good as a fist in the face," remarks the mayor philosophically. He has told his friends that the judgment of Justice Ives quite clearly disqualifies him from holding office and more 2292 prevents him from signing checks or performing any of the other duties of a mayor. Therefore, he sees no necessity of attending in his office in the Civic Block until a formal court order is issued asking him to resume. Mr. McNamara also has intimated to his friends that he does not wish to force a by-election before the general municipal election next year, which would mean an expenditure to the city of some $3,000. He, therefore, will not resume formalities. He also is of the opinion that no objection would be taken by anyone if Alderman Smith should take the duties of the mayor in the "interval" of the next week.

It is quite clear that someone must step into the mayor's shoes. Over seven hundred civic employees are much agitated over the mysterious disappearance of yesterday's mayor. The month's pay checks are issued on Saturday, and a check must first be signed by "The Mayor." In order to provide funds for salaries Mayor McNamara has stepped out, and it is understood that Alderman Smith refuses to step in through a fear that he may be disqualified through his membership in the Industrial Association. The fact is established that the only members of the council absolutely clear of the entanglements raised by the court judgment are Aldermen Douglas, Calder, Kinney and Sheppard.

WEEKLY LUNCHEON.

What can be done on a small plot of ground and the revenue it will produce was well told by H. D. McIntosh of the Flower Shop, at the Industrial Association luncheon yesterday. In connection with the city beautiful movement inaugurated by the association last spring, Mr. McIntosh undertook to place a model garden on the vacant lot on Jasper avenue between Second and Third streets, and although they were some three weeks late in planting and had to go to the expense of clearing and filling which would not have to be undertaken in the ordinary garden lot, the results obtained should be a real incentive to more extensive gardening. From a radish plot 24 by 6 feet, they secured from the first planting 87 dozen bunches of 12 to the bunch; from the second planting 25 dozen and from the third 30 dozen, which at 20 cents a bunch gave a revenue of $43.50 or an average of $9.000 an acre could be obtained for all the radishes that might be grown at this ratio on such an area. From the lettuce plot they got 42 dozen head from the first planting, of heads of lettuce 24 dozen bunches; beets 40 dozen bunches, and two bushels of winter beets; carrots 22 dozen; turnips 11 dozen, and flower 50 head; cabbage 50 head. Brussels sprouts 50, and potatoes 18 bushels, or an average of 570 bushels to the acre. The total revenue amounted to $172.10, or an average of $1700 to the acre.

In the flower plot on Fraser's flats, they have 40,000 pounds of celery, five tons of asters, 4,000 cauliflower, 1,000 Brussels sprouts and five tons of turnips, which at the ruling market prices will give a revenue of $7,537, with a total expenditure for labor, plants, etc., of $1,045, leaving a net profit from the plot of $2,612. And what a professional can accomplish in a small area Mr. McIntosh said the ordinary amateur gardener with a little time and attention can also do.

A. P. Ewing, M.P.P., spoke of the "Homes of Edmonton" and Mr. W. C. McCormack, secretary of the Mirror board of trade and M. Colin, president of the Calgary Gun Club, also spoke, and a solo was rendered by Arthur Wilson, soloist of Robertson church.

50 HEAD OF MARES FOR SALE—I have 50 head of young blocky built mares in pair and single, that the like of them does not stand for sale in any one man's stable in the city at prices to suit the times. I have no other stable and I can sell lower than the lowest. If you thinking of purchasing a team you will do well to call and inspect my stock before buying elsewhere. I have just what I advertise and I protect you in every way. Horse selling is my business and I am reliable in every way. Every horse is truthfully described and faithfully represented. If not as represented, money refunded, and I do not tell you one thing and mean another, but will put it upon your bill of sale to that effect. Remember I protect you in every way. A fair trial allowed on all horses bought from me. A. Month, Great West Stables, 498 Fraser Ave. T-10-x

MARES—PAIR OF LOW, BLOCKY chunks that weigh close to 2800 lbs., and will weigh it; are 6 years old and will pull four tons any spot or place you put them; have very best of feet and legs, nice manes and tails, and will work single or double, and ride; gentle for lady or boy to feed or handle in or out of stable; if you are in search of a team of dependable mares, call and see this team before you buy; will be hitched and tested in every way to suit you; set heavy breeching harness, collars in fine condition. All for one price of $325. Great West Stables, 498 Fraser Ave. T-10-x

$285 BUYS 2500 LB. TEAM MARES with almost new set of heavy breeching harness; this team can road 30 miles in three hours on good roads; cost over $00 about 18 months ago and are sold for no fault, only have been replaced by motor truck; have been consigned to us for this low price to insure immediate sale. Great West Stables, 498 Fraser Ave. T-10-x

A CHANCE SELDOM OFFERED—$375 buys 2800 lb. team of blocky built mares with pair of mule colts on foot and are bred again to well known Missouri jack, Paymaster. Winnipeg Fans Enthuse Over The Final Game With Regina

SPORTING NEWS

Horse Races and Rugby as Saturday's Sport Program

Civics Practiced Against Victoria High School Team

North Side Seniors Had Beneficial Work-Out at Diamond Park Last Night—New Formations Prove Effective Ground-Gainers —Final Game For City Championship Starts Tomorrow Afternoon at 3 and Should Prove Exciting

The Civics had a very valuable practice last night, the rugby squad from the Victoria High School lining up against the seniors for a brisk game. While the City Champs finally won by a one-sided score, going over for half a dozen touchdowns, and holding their opponents scoreless, the High School players showed some promising material and several times got away for dangerous runs. In the early part of the game the High School boys pierced the Civics' one but this was soon stopped when the seniors adopted their usual close formation. Jesse Jones, the High School sprinter broke away once or twice and led his opponents a merry chase.

Coach White used nearly every member of his squad during the practice and towards the end of the game when darkness made it almost impossible for the scouts on the sidelines to see the players, worked his new shift plays with great success. Whiteaw worked with great speed behind the line, Rasmussen heeled out the ball, Dukes on the back line got away for several sensational runs and Elliott showed up nicely on the rush line. Regular practice is working a great improvement in the team, and the men should be able to go through all four quarters of Saturday's struggle at top speed. Special attention is being given to tackling and any player who perpetrates any kick-off, "necktie" stuff in the final struggle will make a good chance to view the remainder of the game from the sidelines. Several men are being drilled to keep a watchful eye on Parsons, whose runs through a broken field in the last game turned victory Varsity's way.

The Calgary Tigers are practicing daily in preparation for the game with Edmonton on November 7th, and last night had a signal practice, Coach Gleeson probably arriving at the conclusion that a few trick plays may increase the effectiveness of his line-up. The consensus of opinion appears to be in favor of playing the first game in Edmonton, and this thoroughly suits the locals as there may be a snow storm on Nov. 11th, that would knock the attendance into a cocked hat.

Both Varsity and Civics squads will content themselves with light workouts this afternoon, with signal practice predominating. The Varsity coaches will probably stand pat on the team which played the second half of last Saturday's game but there will be several drastic changes in the personnel of the red and white outfit. The game starts at 3 o'clock and in spite of the counter attraction of horse races there is sure to be a large crowd present when Messrs. Hardisty and Lailey line the men up for the kick-off.

AMERICAN LEAGUE MEETING.

By Bulletin Leased Wire.

CHICAGO, Oct. 28.—Instead of waiting until the middle of December for the annual meeting of the American league, club owners of that league have called a meeting together for Nov. 6, when it is announced business of importance will be up for discussion.

As the meeting will be just before the annual meeting of the minor leagues in Omaha, it was reported that baseball would drive into the realms of the little fellows and endeavor to find means to assist them.

HOPPE BEAT INMAN.

By Bulletin Leased Wire.

TORONTO, Ont., Oct. 29.—In the second stage of the series here in the international championship billiard contest between Inman, English champion, and Hoppe, American champion, played today under the rules of the American 18.2 balk line, the American player ran up his thousand in the two games against 246 made by Inman. Hoppe's control of the balls was a revelation, the high run was 206 with 34 unfinished in the afternoon game, and 171 in the evening contest. He also ran 153 and 100.

In the afternoon Inman made a high run of 141 and the next best was 35 in the evening game. The score and averages, Inman, 1,196; Hoppe, 1,370.

PITCHER WALTER JOHNSON READY TO JUMP WASH

Federals Holding Tempting Bait of $20,000 Year Before Speed Merchant's Eyes

By Bulletin Leased Wire.

CHICAGO, Oct. 29.—Talking over the long distance this afternoon from Fort Smith, Ark., to a reporter in Chicago, Walter Johnson, star pitcher of the Washington baseball team, said that he had not signed a Federal League contract to play in St. Louis. He admitted that negotiations were taking place.

Ban Johnson, president of the American league, said that if Johnson signed, the case would be settled in the courts. The American league, he said, had an option on the outfielder's services and Johnson had accepted money in advance.

Jones Offers $20,000.

ST. LOUIS, Mo., Oct. 29.—Fielder Jones, manager of the St. Louis Federals, and Phil Ball, one of the owners of the local club, left for Tulsa, Okla., today for a conference with Walter Johnson, who is there, devoid the report that he had come to Tulsa to sign with the Federals. Johnson, American league pitcher, Ball says Fielder Jones, manager of the St. Louis Federals, was in Arkansas today.

A message from Coffeyville, Kansas, Johnson's home, said Johnson had gone to Fort Smith, Ark., to play ball there.

"A Case of Bidding."

FORT SMITH, Ark., Oct. 29.—"It's all a case of bidding. The team that gives me the proposition that is the most money will get my services."

This was the frank statement of Walter Johnson, pitcher of the Washington Americans, when he denied today that he had signed a contract to play with the St. Louis Federals.

Johnson said he had a conference with Fielder Jones, of the St. Louis Terriers at Johnson's home in Coffeyville, Kansas, Wednesday night, and that Jones had accompanied him as far as Sallisaw, Okla., on the trip to Fort Smith. Johnson refused to discuss the matter further.

THIS PROPOSITION IS DEAD.

E. W. Kolb, one of the promoters of the syndicate at present dickering with a San Sivage for the Western Canada league franchise at Calgary, denies that the deal has been closed to place Edmonton, Medicine Hat and Calgary in the league this season and across the border, Butte, Helena and Great Falls to wit. At the present time the mileage would be small, and the attendance large.

There was a time when the writer was greatly in favor of the circuit now proposed by Mr. Kolb, only three miles of copy on the subject. But no less than three Montana cities have proven themselves within the past two years as the deadest kind of baseball towns, and Great Falls was the depression last season that the Union Association went broke in Jamestown and disbanded, owing its players many simoleons. The Western Canada league may not be a perfect circuit, but it is miles ahead of any alliance that Edmonton, Medicine Hat and Calgary might form with the three Montana cities.

PROFESSIONAL IN SUMMER BUT IN THE WINTER?

Pitcher George Zabel Attends College Where Authorities Smile at Summer Baseball

CHICAGO, Oct. 29.—It's a fond leap from professionalism to the circle of amateurism if one goes in strictly athletic at Baker University, Baldwin, Kas., according to George Wilpatrick Zabel, right-hander on the Cubs' pitching staff. Having trained all season with Hank O'Day's diamond greats for no mean stipend, Zabel is down to fighting weight for baseball purposes tonight. He waged by Baker this winter in the Kansas state conference.

On the ball field Zabel is a pitcher. Being an all-around athlete he also essays at basketball and football, playing right back on the eleven. In addition to working miracles in the college sports and practices, he takes a hand at classical studies, and with a creak or two in his back fans hopes to win his diploma next spring.

Summer basketball is not exactly scored as crime against amateurism in the Kansas state conference, according to Zabel, who says that last year Baker four years ago after quitting the University of Kansas became the faculty athletic director from athletics on the grounds of profession alism.

PITCHER EARL HAMILTON ON ROAD TO RECOVERY.

By Bulletin Leased Wire.

ST. LOUIS, Mo., Oct. 29. — Earl Hamilton, who was injured in an automobile accident three weeks ago, has left the hospital where he was taken immediately after the accident. He said today he would be able to pitch for the St. Louis Americans next season. His collar bone was fractured in the accident.

C.P.R. BOWLING TEAM.

A meeting of the C.P.R. Athletic Association was held at the freight offices on Oct. 27th, with H. H. Hall officiating as chairman. The leading question under discussion was the advisability of entering a team in the proposed Edmonton Railroad Bowling League. The idea was well received and the following management committee was elected to look after the affairs of the new club: Dr. G. Teape, Jas. Leonard and R. S. Martin. The league schedule will be ready for publication shortly.

KING DEFEATED SHARP IN THE THREE CUSHION BILLIARD FINAL GAME

Arthur King and George Sharp showed up splendidly in the billiard game for the three-cushion billiard prize at the Empire billiard hall last night, the former winning by the narrow margin of one point in a game of fifty points up. The contest was the best witnessed to date in this city and was close and exciting throughout. Never was there a difference of more than five points between the two, both backing horse in enjoying the lead.

Starting like Sharp's game until King ran to the necessary two points required for a win, his opponent was then standing at 19. Immediately before this Sharp had missed the game by inches by a hair's breadth, not playing hard enough.

There will be a game tonight, in the straight rail tournament, bringing together W. A. McNamara and Dr. Young. Last night's score follows: King, 50. High runs, 3, 3. Sharp, 19. High runs, 3, 3. Referee, Kelley.

LIGHTWEIGHTS WHO MEET SOON IN TITLE BOUT

Welsh and White Who Meet on Nov. 7 Are Both Native Born Englishmen

Freddie Welsh, champion lightweight of the world, and Charlie White, the best of the class Calcago ever produced, will battle in Milwaukee, November 3.

And that announcement, which appeared a few days ago, has a story behind it.

How many boxing fans know that both Freddie Welsh and Charlie White were given up by doctors at the age of 16 years? And that they were pronounced physical weaklings with only a few years to live?

Today those two frail, flat-chested boys stand at the top of the boxing profession—physical marvels—powerful human motors of strength and endurance.

Of course traning did it. But not training alone. Determination and constant application brought these two to the athletic perfection and boxing skill sufficient to make fight the part with $12,000 or $15,000 to see them perform in the ring.

Now, at 25, he is perhaps the speediest boxer in the ring and as near perfect physically as a man can be.

Warned by physicians, White's parents sent him to Bill O'Connell, the old-time boxer who runs a gym in Chicago. While taking his regular exercises Charlie developed so much speed with the gloves that O'Connell's attention was attracted. Two years later the boy had developed into a pretty tough young fellow, was fighting the best of the featherweights.

Charlie is now 23 years of age. Two years ago his greatest ambition was to get a match with Johnny Kilbane. But the featherweight class couldn't hold him and now with a few added pounds he is to meet the best of the lightweights. Even today he rarely scales over 131 in his ring togs.

His record is without a blemish with the exception of a draw that he made against Danny Webster on the coast when a kid and a fourth of July battle two years ago in New Orleans when the referee stopped the fight in the fifth round and gave Jack Britton the decision. White was outweighed and outreached, but not outfought. His recent knockout of Joe Azevedo redeemed him on the coast.

Many people believe—and Welsh believes—White is the toughest lightweight in America at the present time. Before Willie Ritchie went abroad to lose his title to Welsh, Ritchie had my won a wide shade over him in Milwaukee and nearly had him out in the first round. White's fight with Welsh will be no exception if he gets it over. Freddie can't lose his crown in this ten-round bout—decision affair in Milwaukee.

But Freddie's fighter blows come across with a great deal more force than White can boast, and they may bewilder Charlie enough to make his left useless, especially in a long round encounter.

It is a curious fact that both were born Britishers. White originated in Liverpool. His name is Charles Auchoyc, and three brothers are fighters —Jack White, Battling White and Billy Wallace—although none of them ever showed the class of Charlie.

REGINA CHAMPS ARE READY FOR WINNIPEG GAME

Team Averages 168 Lbs., the Back Division Being Light But Fast —Styles is no Weakling

By Bulletin Leased Wire.

REGINA, Oct. 29—The champions who will clash with the Rowing Club at Winnipeg, Saturday, defending the title of Western Canada Rugby champions which they have now held for two years are by no means a team of individuals. Their average weight, however, is very fair, being 168 pounds. The minimum bulk of the weight is in the forward line, where it ought to be, the nine front line men averaging 174 pounds. Big Tiny Styles, who plays at right inside wing, is the heaviest man of the team, weighing 215 pounds. As Styles has enlisted with Regina's second contingent in the capacity of bandsman, it was feared for a time that he would be unable to play Saturday, but special permission has been obtained, however, and Styles will journey to Winnipeg with the team this night. The following is the age and weight of the Regina champions:

Name	Age.	Weight.
Taylor, L.O.W.	21	150
Hamilton, L.M.W.	23	188
Sayles, L.W.	23	215
Shepherd, L.S.	23	175
Abbott, C.S.	29	152
Hasko, R.S.	24	195
Pinsent, L.W.	24	185
Northey, R.M.W.	24	163
Hall, L.H.	24	164
Townsend, P.W.	28	168

Lang, L.H.	22	140
Rogers, C.H.	26	160
Longworth, R.W.	20	150

Winnipeg Bestows Wary

WINNIPEG, Oct. 29.—That the visit of a specially selected rugby champions to oppose the Rowing Club for the Western Canada championship here on Saturday will do a lot to popularize the game in Winnipeg is the feeling of many of the local officials.

Not since the visit of the Hamilton Tigers to Winnipeg last year has there been the promise of such a large gathering at a rugby game as the one attached for the championship contest.

The backers of the Regina team, who took the fourth of the Rowing Club money with them when they first came here three years ago and surprised the rugby public, champs of the West by beating the Rowing Club stalwarts right on their own ground, will not take any greenback on their disposal this time. Since that memorable game Regina has built up quite a reputation as a football centre and the champions will no doubt enter the game fully prepared. But this year's oarsmen are a pretty fast aggregation, composed of a bunch of hard, though not very brilliant players, and playin- on their own ground should prove somewhat of an enigma to the team. Captain Bennett, a former Chicago University player, is looked to be just about the brainiest and best kicker that Winnipeg has had in a rugger for several years and this alone should bother the local visitors. Only four of the team which won Saturday's game will play here in the game, but it is doubtful if the team is any stronger on paper but they have an advantage of playing a much more open game.

FAMOUS SCOTCH ATHLETIC STAR NOW IN CALGARY

John Sutherland is One of the Best Old Country Track and Field Athletes

One of the new athletes that Scotland has broken axle to boast of during the past five axles to Canada has just arrived in Calgary, and intends making his home in the province of Alberta and in this city, writes "Scotty" Robinson in the Calgary Herald.

The name of John W. Sutherland may only be the name of a good Scotsman to some people, but to the hundreds of scots in this city and province it is a name of much more than is phenomenal in the world of athletics. They do remember some years ago, how, when he was only a boy, he starts in the shot putting, hammer throwing world, for their started Scotland, and it was a matter for congratulation among various games secretaries when the famous athlete entered for their meets.

At the age of eighteen, it was a common thing for this self-trained Hercules to put the 16-pound shot over forty feet, and the bigger mark used in Scotland as the 22-pound, considerably over 10 feet more. It was with the hammer, however, with its many spectacular possibilities, that he made his first big show, and when the people of Calgary, accustomed as they have been to the spectacle of the wire handle and two hands to the throw, with the wooden handle, and a propel the sub. stance more than 152 feet, and that with a body weighing presently about 165 lbs., the remarkable nature of his achievement will be noticed.

Some of Sutherland's achievements:

Putting 16-lb. shot—Best effort 43 feet.

Putting 22-lb. ball, average effort 34 feet.

Throwing 16-lb. hammer, Scotch style, over 113 feet, and that with a body weighing presently about 165 lbs., the remarkable nature of the achievement will be noticed.

Throwing 56-lb. weight, best effort, 27 feet 5 inches. (One hand.)

Throwing 28-lb. weight, average 54 feet. (One hand.)

High leap, average 5 feet 5 inches.

Walking Scotch style, average 16 feet.

Running broad jump, average 20 feet. Best effort 22 feet 8 inches.

Hop, step and leap, average 42 feet.

Wrestling, catch-as-can style, staged 30 minutes with W. W. Bain, middleweight champion of the world, in presence of writer.

Horses Arriving For Fall Meet of Edmonton Turf Club

Some of the Fastest Thoroughbreds Owned in Western Canada Were Exercised at the Edmonton Track Yesterday Afternoon in Preparation For the Races on Saturday and Monday Next —Fine Array of Harness Gee Gees Has Been Lined up—Six Races Each Day—Ladies Will be Admitted Free

The Edmonton Turf Club's announcement of an Autumn race meet has been enthusiastically received locally, in fact throughout all the territory tributary to the city, and from present indications the grand stand and enclosure at the exhibition track will be comfortably filled on Saturday and Monday next, the two days named for this meet. The idea of devoting the profits to the Patriotic Fund is a happy one and if the citizens reward the enterprise of the Edmonton Turf Club by turning out in goodly numbers, a substantial sum will be available for this well deserving cause.

Horses Are Exercising.

A valuable consignment of horseflesh arrived yesterday morning from Calgary over the C.P.R., the car being immediately transferred to the exhibition grounds were the thoroughbreds were unloaded and stabled. Yesterday afternoon the track presented a busy appearance the trainers sending their horses out for some preliminary gallops. Outside of a few spills to loosen the kinks developed during the trip north from Calgary, the horses that will participate in the Autumn meet raged no conditioning, as they are right now. Manager Lee has of them having been raced at Vancouver during the Minoru Park meet which lasted for 84 days.

Good Harness Horses.

A wire was received yesterday from Freddy Johnson, Calgary, stating that an important business deal had developed, requiring his presence in Winnipeg immediately, missing it impossible for him to attend the local meet and drive his good horse Yedno. While Yedno's entry will be missed, Supt. Jack Stewart has lined up a formidable array of harness horses, ensuring some competition in every event. Among the acknowledgers available are: Wingey and Prince Joe, owned by Gorman and Monaf, Jr., of P. and The Fact, the property of J.

SON-IN-LAW WON THE JOCKEY CLUB CUP AT NEWMARKET RACES

By Bulletin Leased Wire.

LONDON, Oct. 29.—At Newmarket today the Jockey Club cup, 600 pounds, two miles and a quarter, was won by Sir Abe Bailey's three year old brown colt Son-in-law, the Earl Ronald-Mother-in-law who beat Gondover. Son-in-law started as 5 to 2 on.

Simhorn has been scratched from all big races, and Bonet has been scratched from next year's Two Thousand Guineas.

The Dewhurst plate, for two year olds, 1,500 pounds, seven furlongs, was won by Col. Hall Walkers Let Fly, by Wile Eagle-Gondolette, who started as 8 to 1. Lord Carlisle's Reform, who started favorite at 13 to 8, was second, and Sir John Jacob's Highield, 8 to 1, third.

The Ladies' Aid of Robertson church on Thursday and Friday, Nov. 5th and 6th, will serve a business man's luncheon from 12 to 2 o'clock and tea bowls of the funds. The luncheon will take place in the First Presbyterian church, and afternoon tea will also be served.

Goes to Coronation, John Bine, secretary of the patriotic fund for Northern Alberta, goes to Coronation today to speak at an organization meeting in that constituency for the patriotic fund. Hon. A. G. MacKay was also to have taken part in the meeting but finds it impossible to attend.

Marquis Wheat Again—P. Ottewell of Cedar Bay has finished threshing 20,000 bushels of grain from 250 acres. His best yield is 1153 bushels of Marquis wheat from 20 acres, or nearly 58 bushels per acre. The nearest approach before made by Mr. Ottewell to this yield was 55 bushels of field pea in 1885. In the same year he had a yield of 114 bushels of oats to the acre. The yields of grain in the Cloverbar district this year are above the average.

Police Arrests Last Night—Last night the police took into custody Mrs. C. Jones and Mrs. Elizabeth Street on a charge of stealing $87. Wm. James was also arrested in connection with the robbery. Mrs. Jones is further charged with keeping a disorderly house. She is the mother of six daughters, three of whom are under age and have been given into the custody of the children's shelter. Joe Pyle is alleged to have refused to pay for a meal at the C. P. cafe, 102nd avenue, and is accused of having smashed up the furniture when payment was demanded. He was arrested by the police. Detective Smith and Constable Ogilvie also arrested Nicholas Barkowsky on charge of assaulting and attempting to rob Nicholas Shoghennoo. The victim was struck in the face and his trousers pockets were torn out in an attempt to get at his money.

SOUTH SIDE POLICE COURT.

A new phase of prosecution for an infringement of the game act was tried by Magistrate Downes at the South side Police Court on Thursday. Alex. Oliver and D. A. Harkness were each fined $10 and $5.55 costs on the charge of hunting game in the reserved field without permission. The owner of the field was a witness but the department officials prosecuted.

SWIFT CANADIAN CO. PREPARED TO HANDLE 10,000 HOGS PER WEEK

P. Burns Co. and Gainer's Also Have Made Provision For Increased Output

The Swift Canadian company has procured to handle 10,000 hogs a week, when the "hog crop" is harvested. P. Burns company and Gainers' also have made provision for increased output this year. The hog crop will start running within a month and will continue till next May. It is the intention of the Swift Canadian company, to make a bid, should the market be favorable, for the dry salt meat business offering as a result of the European war. As yet the Edmonton packing plants have not experienced any marked increased business due to the war. The Chicago packers announce that they have war orders sufficient to keep them running full time for a year. This applies only to the canned meats branch of the packing business which has not yet been developed in the packing plants of this city. It is reported that Armour and company were sold out of their surplus stocks of canned meats nearly two months ago.

COL. CRUIKSHANKS TO INSPECT VOLUNTEERS.

Oliver and McKay avenue companies of the Edmonton Volunteers assembled at McKay avenue school last night to hear a lecture by W. J. Hodwell on "Protection — Advance Guards and Outposts." It was decided that in future these companies would drill together, on Tuesday nights at Oliver school, and on Thursday nights at the Arena.

Col. Cruikshanks, officer commanding military district No. 13, is expected in Edmonton today, and ... is possible that he will inspect the volunteers on the golf links on Saturday afternoon. All members of this organization are therefore requested to parade punctually at 3 o'clock tomorrow, in order that there may be as large a muster as possible.

FRONTIERSMEN SAY FAREWELL TO MEMBER.

Leduc—Rev. Father P. H. E. Teck, of Leduc, who has just received a letter from his family in Belgium, has some interesting stories to tell of the German invasion. His brother is serving in the army. His sister and her husband had a store in a little town near Mons, where the British army made the gallant stand for two or three days against three times their number. The German soldiers entered his sister's store and seized all the groceries, which, Father Teck says, is all right during war, if the soldiers have no money to pay for the provisions. They also took all the cash in the store. His brother-in-law disappeared and his fate was unknown at the time of writing. Twenty-five thousand German spies were captured in Belgium, Father Teck states, and many thousands more were not captured.
